Town Warrant

STATE OF NEW HAMPSHIRE.

[SEAL]

To the Inhabitants of the Town of Goffstown, in the County of Hillsborough and in said State qualified to vote in Town Affairs:

You are hereby notified to meet at the town house in said town on Tuesday, the ninth day of March next at nine o'clock in the forenoon to act upon the following subjects:

1. To choose all necessary officers and agents for the ensuing year.

2. To raise and appropriate such sums of money as may be necessary for the support of schools, for the maintenance of the poor, for the repairs of highways and bridges, and for Memorial Day.

3. To see how much money the town will vote to raise for the Goffstown public library.

4. To see if the town will vote to raise and appropriate the sum \$4,896.18, as recommended by the state highway commissioner for the maintenance of our state highway, the state to furnish an equal sum.

5. To see if the town will vote to install and maintain additional electric lights on Rockland avenue and the Mast road.

6. The residents of College road request four electric lights: one to be located at Laurel street; one at Maplewood avenue; one at Bedford cross road, and one between the Kimball place so called, and the Mel. Buck place, so called, on the bend of the road.

7. To see if the town will vote to raise and appropriate

a sum of money, the same to be used with additional sums contributed by the state and federal governments for the purpose of controlling the White Pine Blister Rust.

8. To see what sum of money the town will vote to raise for improvements in cemeteries.

9. To see if the town will vote to establish a voting precinct as provided by the statute laws of New Hampshire for the year 1919. Said precinct to be established in that part of Goffstown adjacent to and bounded on the west by the Manchester and Milford Railroad on the north by the Manchester and Hillsborough Railroad, on the east by the city of Manchester, and on the south by the town of Bedford; said voting place to be ready for the state election of 1920.

10. To hear the report of the town history committee.

11. To hear the reports of agents, auditors and committees and pass any vote relating thereto.

12. To transact any other business that may legally come before said meeting.

Given under our hands and seal this twenty-first day of February, 1920.

GEORGE L. EATON,
LUCIAN W. BARTLETT,
CURTIS T. RICHARDS,

Selectmen of Goffstown.

RECORD OF TOWN MEETING.

(Held March 11, 1919.)

1. Meeting opened at 9.12 o'clock in the forenoon, the moderator reading the warrant; also the posting of the check-list by the supervisors.

LIBRARIAN'S REPORT.

(From February 1, 1919, to February 1, 1920.)

Received from fines and library cards.....	\$58.97
Expenses for slips, cards and other supplies.....	\$19.93
Paid William U. Carlton	\$30.00
Cash on hand February 1, 1919.....	\$12.90
Cash on hand February 1, 1920.....	\$18.26
Number of days open for circulation.....	128
Total number of books issued during the year...	13,119
Total number of books issued last year.....	9,084
Increased number due to new charging system..	4,035
Number of books added during the year.....	186
Number of books rebound and resewed	20
Number of books mended during the year.....	514
Number of books discarded during the year.....	14
Number of books replaced during the year.....	12

It is hoped the library increases in value to the public each year. Under the present system of circulation there should be more opportunity for reading. There have been given out 4,035 more books than last year, an increase of 44%. The system shows by record just where each book may be found when issued by card. We have been pleased to receive for the town a gift of one hundred dollars from the estate of Ellen R. Whittle, who was a former resident of our town. Thanks are due the Y. L. D. Club for a picture given

to the reading room. Two others have been added from the fine money. J. G. Ellinwood of Manchester has given the photograph plates of the views of the building. Pictures from some of them would be interesting to hang in the rooms. When people's interest takes such a practical form as these the library benefits by it. The Junior Mission Band is to add the picture of Sir Galahad in the near future.

ERNEST JOHNSON,
Chairman

Mrs. BESSIE B. PARKER,
Secretary.

WILLIAM U. CARLTON,
Treasurer.

Auditors.

REPORT OF SUPERINTENDENT OF SCHOOLS.

Goffstown, N. H., February 2, 1920.

To the School Board and Citizens of Goffstown Independent School District:

A year ago, in submitting my annual report, I called attention to the low per cent of attendance for the fall term. I take pleasure in this report to note that the attendance for the last fall term was **unusually good, it being 97%** with only 95 tardy marks from an enrollment of 210, including the high school of 51. Very little sickness has occurred and no case of a contagious disease until after the Christmas holidays.

We have two new assistants in the high school and a new teacher in the grammar room; otherwise our force remains the same. I can truthfully say that every teacher in the building is doing work of high excellence and no more could be said if I wrote volumes. The schools are all filled to capacity: the third and fourth grade room contains 46 pupils—too many for any teacher with two grades. The commercial course in the high school has an enrollment that fills to capacity the recitation room assigned to it and we cannot expand our courses as we would wish. Every year we have called your attention to the need of further courses in the mechanical and domestic arts, and for these we need increased facilities. The district must seriously consider the construction of a new building in the very near future. We anticipate that under the new school law that some action may be forced upon us if voluntary action is not taken.

Attention is called to the report of the medical inspector. Too much cannot be said of this feature of the school work. Under the new law the work must be carried on and this year we have been fortunate in having the Goffstown branch of the Manchester Red Cross finance the school nurse. Her follow-up work is very valuable and should be continued.

This year for the first time your town report will contain two reports from the superintendent of schools. Much that

he desires to say applies to both districts and space will not be taken here to repeat what is said elsewhere, therefore, I invite your attention to the report for the Town School District, where an analysis of some features of the new school law will be found and some general comments on the teacher problem confronting all the schools of the country. The tables of statistics printed elsewhere should be carefully perused. The tables printed in the report for the town district will show comparative figures for the four school districts comprising this supervisory union.

Respectfully submitted,

HOWARD L. WINSLOW,

Superintendent.

RECORD OF ATTENDANCE.

(For School Year ending June, 1919.)

Perfect Three Terms.

High School—Pearl Greer, Gladys Lavell, Mildred Silver.
Higher Primary School—Carroll Smith.

Perfect Two Terms.

High School—Helen Snook, George Greer.
Intermediate School—Helen Smith, Francis White, Nelson Winslow.
Higher Primary School—Wesley Hodgman, Margaret Stark.
Lower Primary School—Gladys Dubois, Robert Stark.

Perfect One Term.

High School—Dorothy McLain, Eva Wheeler.
Grammar School—Lillian Case; William Bailey; Florenece Blair, Maurice Farley, Violet Griffin, Grace Means, Alice Schricker, Donald Worden.
Intermediate School—Austin Avery, Ruth Marden, Sarah Schricker.

Higher Primary School—Margaret Bartlett, George Beals, Arthur Blair, Wardner Kidder, Ruth Lewis, Olive Smith, Richard Smith.

Lower Primary School—Leslie Blaisdell, George Cochrane, Pauline Forest, Elizabeth Grant, Robert Kelley, Helen Merrill, Arthur Neal, Frances Poore, Willard Schricker, Kenneth Stevens.

TOWN SCHOOL DISTRICT REPORT.

Goffstown, N. H., February 2, 1920.

To the School Board and Citizens of Goffstown Town School District:

I have the honor to present my first report as superintendent of your schools. There is much that I should like to say at this time, but space will not permit. Therefore, I refrain from general comment and call your attention to the statistical tables appended, for details regarding attendance, teachers, salaries paid, etc. Especially will you note the comparative table of figures for the fall term of this year and notice that your district does not make as good a showing in regular and prompt attendance as do the other districts comprising this union. Pupils who are irregular in attendance are likely to fail of promotion. We lay out our programme to require an attendance of thirty-six weeks and only the unusually bright child can do the work with irregular attendance.

When the school board and superintendent made a careful survey of your school plants we found that much would be required to bring the old buildings up to a standard acceptable to the state authorities. Not a toilet in town could be approved. In order that you may have definite knowledge as to what is required in schoolhouse improvement, etc., I desire to analyze briefly some of the most pertinent features of the law as they relate to Goffstown.

"The school board of every district shall provide standard elementary schools," and the law thus defines a standard school. 1. "Maintained for at least thirty-six weeks in each year. (2) "Maintained in a suitable and sanitary building," and the regulations of the State Board of Education provide that such a building (a) "shall be lighted from the left and rear only." "The ratio of window area to floor area shall be not less than one to five." (Not a school building in town meets these requirements.) (b) "Equipment for heating

must be adequate to furnish a minimum temperature of 68° and ventilation without drafts." To meet this requirement every stove has been jacketted and a ventilation pipe is an essential factor to a good working jacket. (c) "Floors must be in good condition and oiled or swept with some dust-laying compound. Walls must be in good condition and of some light color. Papered walls have only temporary approval." (Some floors are found to be drafty, otherwise most of them are in better condition than you would expect to find those of buildings so old. (d) "Toilets must be decent and in sanitary condition. They must be located in buildings free from obscene markings and furnishing proper privacy." To bring the toilets to an acceptable condition a large outlay of money has been necessary. Kaustine toilets were installed in five schools: Pattee Hill, Paige Hill, Kennedy Hill, East Part and the Mountain schools. A new shed was required at Tibbetts' Hill and the toilet at Grasmere still remains in an unsatisfactory condition. (e) "Water for drinking purposes must be provided in a properly covered receptacle with faucet or bubbler. Facilities for washing hands must also be provided. Common towels and drinking cups are prohibited by regulations of the State Board of Health." Commenting upon the above requirements Commissioner Butterfield remarks: "This list of minimum requirements for temporary approval is intended to cover only such changes as are required to make schoolhouses decent and safe for children."

Continuing the requirements for a standard school we find (3) that it must be "equipped with approved furniture, books, maps and other necessary appliances." (Some of the furniture of your schools can only be passed as temporarily approved.) (4) "Taught by an approved teacher." An approved teacher is one holding a "permit," "license" or "certificate" from the State Board of Education, and such a teacher must teach under contract. No longer can high school girls, with no further training, teach in the schools of New Hampshire. Such prospective teachers must have attended at least one summer school session in an approved

normal school before they can receive a "permit." Elsewhere in this report will be found further remarks regarding the pay of qualified teachers. (5) "Directed and supervised by an approved superintendent." The analysis of other features of the law I deem more important, but in passing I may say that the superintendent is nominated at a joint meeting of the school boards representing the districts in the union—in this case, Goffstown Independent, Goffstown Town, Bedford and New Boston, form Supervisory Union, No. 19. He is elected by the State Board of Education, placed under contract, and is, therefore, a state officer responsible for the enforcement of the school laws of the state and the regulations of the state and local boards of education. (6) A standard school shall have "suitable provision for the care of the health and physical welfare of all pupils." Under this regulation your medical inspection is being carried on by Dr. Maurice Stark, and, through the generosity of the Goffstown Branch of the Manchester Chapter of the Red Cross, Miss Marjorie Perkins, R. N. No other feature of the law has produced better results. Already its good effects are seen in cleaner children, free from all vermin. Much yet remains to be done in the nature of "follow-up work."

The finances for the schools are thus provided. "The selectmen in each town shall assess an annual tax of (\$3.50) three dollars and fifty cents on each thousand dollars of the value of the ratable estates taxable therein," and "the school board of each district in its annual report shall state in detail the additional sums of money, if any, which will be required during the ensuing fiscal year for the purchase of text-books, scholars' supplies, flags and appurtenances; for the payment of the tuition of the pupils in high schools and academies, and for the payment of all other statutory obligations of the district. The selectmen of the town, in their next annual assessment, shall assess upon the taxable property of the district a sum sufficient to meet the obligations above enumerated, with such alterations thereof as may be voted by the district, and when collected shall pay the same over to the district treasurer."

"In any district in which the money produced by a tax of five dollars on a thousand dollars of the value of the ratable estates in the district is insufficient to maintain the required elementary and special schools, and the purchase of the required text-books, scholars' supplies, flags and appurtenances, the state shall provide the balance of the money necessary from the money appropriated for that purpose by the provisions of this act. In other words, the school district must vote money enough in addition to a \$3.50 tax to maintain standard schools as above defined, or vote to raise \$5.00 on a thousand dollars of valuation. The purpose of the budget, published elsewhere by your school board is to show to the district whether or not it is advisable for the voters to raise the \$5 tax, or vote the amount asked for by the school board.

One other feature of the law must be commented upon in this report—that relating to Americanization—for under difficult conditions an Americanization school is being conducted with two teachers at the Mast Road school. "Any school district may maintain an evening school as a part of its public school system, and every district in which resides or are employed fifteen or more persons between the ages of sixteen and twenty-one years who cannot read and speak the English language understandingly shall maintain an evening or special day school." "Every school district in which reside or are employed twenty or more persons above the age of twenty-one years, who cannot read and speak the English language understandingly shall maintain schools for the instruction of such non-English speaking persons . . ."

I have said that a night school is being maintained under difficulties. I might also say that even the day school at the Mast Road is held under difficulties. We have been obliged to send all pupils from that district, who are above the fifth grade, either to the Varney school in Manchester or to Goffstown Independent school, paying car fare and tuition. Neither Manchester nor Goffstown can accommodate any more. I expect that next year Manchester will refuse to

take any. Besides the twenty odd pupils going to our own schools there are according to the report of the enumerator, ninety-seven others attending the parochial schools. Many of these want to go to the Mast Road school but will not as long as the conditions there remain the same. Their parents are virtually forced to pay a double tax to school their children. The need of a new building in this part of the town is imperative, and your school board have inserted the proper article in your warrant.

Further comment on the law could be made did space permit, but the matter of teachers' salaries should also engage your attention. Your district has not felt the shortage of teachers as keenly as many districts because your force is largely local. Indeed New Hampshire has been more fortunate than many of the states, as witness the statements of Superintendent Thomas, of the state of Maine, in the *Boston Herald* of December 28 last, and the proclamations of the governors of New Jersey and Ohio to their people.* So fortunate, in fact, have we been that many citizens do not yet realize that there has been, is, and will continue to be a shortage of teachers until we make compensation and living conditions sufficiently attractive to retain competent teachers and to induce others to train for the work. This we are not now doing, and the following facts secured by the State Board of Education of your own state ought to bring this forcibly to your minds, and as Chairman Streeter says:** "Unless our public schools can be provided with competent teachers, we may as well voluntarily petition ourselves into educational bankruptcy. Schools and schoolhouses without teachers need no administration."

Statistics from 203 school districts of the state show the average wage of their 788 teachers in mixed schools (like our own) to be \$532; this for 1919-20, this school year, and not before the war. "Compare the foregoing wages with the

*See statements of the State Board of Education in a pamphlet issued by them.

**Ibid.

annual wages paid to women employees in the ordinary work of the largest cotton mill in this state for the years 1913 and 1919." In 1913 for a 58-hour week and in 1919 for a 48-hour week:

	1913	1919
Spinners (cotton)	\$440.34	\$863.62
Drawing in	503.67	948.48
Weavers	557.96	1,045.62

"You will note that they are now receiving almost twice as much as more than one-third of our entire body of elementary school teachers." Girls in domestic service in New Hampshire are receiving, including board, \$760 to \$884 as an annual wage. Is it any wonder that teachers are restless! You may complain that the outlay for your schools is large but it must be very plain that it cannot be made less by hiring "cheaper teachers." It can't be done.

It was felt by many that the members of the school board would have very little to do under the new law, but I am sure that your school board will testify that their duties have been no less arduous. My thanks are due for their cordial co-operation and support.

In the death of Mr. George H. Bartlett the school lost an ardent supporter and the district a faithful officer.

Respectfully submitted,

HOWARD L. WINSLOW,

Superintendent.

REPORT OF THE SCHOOL BOARD OF THE TOWN DISTRICT.

The following is presented as the sixty-ninth annual report relating to the schools in Goffstown and the thirty-ninth report of the school board under the present school system.

The school house at Parker's has been closed during the year and the pupils transferred to the Independent district at Goffstown.

We wish to commend our teachers for their work during the year and to extend our thanks to the selectmen for the use of the hall at Grasmere for memorial and graduation exercises at the close of the spring term when a class of nine received certificates.

A law was enacted by the legislature at its last session making supervision compulsory, and taking effect September 1, 1919. Under this law we are grouped with Bedford, New Boston and the Independent District, making Supervisory union, No. 19.

On the evening of May 26 the school boards of this union met in the high school rooms at Goffstown and elected Mr.

Howard L. Winslow superintendent of this district. The general supervision of our schools is now in his hands.

On January 8 we were called upon to mourn the loss of one of our band, Mr. George H. Bartlett, whose sudden death cast a shadow over the entire community. While this was Mr. Bartlett's first year in school board work he was well fitted for the work and we feel that the town has suffered a great loss in his death.

The voters of the district we invited to attend the annual meeting at Grasmere on the 20th day of March next, at two o'clock in the afternoon. Attention is called to the following budget:

SCHOOL BOARD REPORT.

Required annual report of School Board to district, stating amount of money needed for support of schools and for statutory requirements (see Laws of 1919, 106:21.)

1. Amount of money required by law (\$3.50 on each \$1,000 of the 1920 inventory.)
2. Statement in detail of the additional amount of money required for the support of schools, and payment of statutory obligations for the ensuing fiscal year.

I. Budget (School Money).

Elementary High
Schools. Schools.

(a) For support of schools\$8,830.00

(This is school money and may be used for maintaining schools including the purchase of fuel and other supplies, the transportation of pupils and incidental repairs not exceeding 5% of school money.)

(b) For purchase of text-books and scholars' supplies \$100.00

(c) For the purchase of flags and ap- purtenances	\$15.00	
(d) For the payment of tuitions at high schools and academies		\$1,200
(e) Total amount required for above..	\$9,245.00	\$1,200
(f) Estimate of amount of a \$5 tax on the 1920 inventory	\$13,266.40	
II. Requirements to Meet Budget.		
(a) For support of elementary schools		\$9,245*
(If the amount required for elementary schools is more than the amount of a \$5 tax, the amount of a \$5 tax should be re- ported, otherwise the amount required.)		
(b) For support of high school or payment of high school tuitions		\$1,200
(Ordinarily districts that support a high school do not pay tuitions. Both items might be required.)		
Total for support of all schools (School Money)		\$10,445
III. School Board Report of Assessment Required.		
(1) For the support of schools and the purchase of required books, supplies and flags, and the payment of high school tuitions.....		\$10,445
Estimate of \$3.50 tax on 1920 in- ventory	\$9,286.48	
Estimate of additional sums needed	1,158.52	
2. For the payment of the per capita tax (statu- tory)		\$550

GEORGE E. WHITNEY,
M. C. B. PARKER,

School Board, Goffstown Town District

REPORT OF TREASURER OF TOWN SCHOOL DISTRICT.

(August 31, 1918, to August 31, 1919.)

EDWIN FLANDERS,

Treasurer.

I certify that I have examined the accounts of Edwin Flanders, treasurer of the town school district of Goffstown, and find them correct, with satisfactory vouchers for all payments made.

S. B. GILOHRIST,

Auditor.

REPORT OF CEMETERY TRUSTEES.

The trustees have purchased a new iron fence for the Westlawn cemetery, which arrived late in the fall and which we hope to have erected in the early spring.

The usual care has been given to the cemeteries and a good sum has been added to the perpetual care funds. We have greatly improved the old part of the cemetery at Grasmere, but it will require some more money to complete it.

Respectfully submitted,

FRANK W. KENDALL,
FRANK A. PARKER,
BENJAMIN F. GREER,
CHARLES F. WHITE,
GEORGE L. EATON,

Trustees.

REPORT OF TREASURER OF CEMETERIES.

To the Trustees of Cemeteries:

GENTLEMEN—I herewith submit to you the report of cemeteries for the year ending January 31, 1920:

DR

Received from former treasurer	\$1,617.00
for lots sold in Westlawn cemetery.....	303.00
for lots sold in Grasmere cemetery.....	35.00
for care of lots in Westlawn cemetery...	269.27

Received interest from savings bank.....	\$52.35
from trustees of trust fund for fence..	2,511.14
	\$4,787.76

CR.

Paid for printing	\$1.65
B. F. Greer, for labor in 1918.....	56.00
L. H. Hyot, labor and expense.....	380.60
L. H. Hoyt, unloading fence.....	22.00
for twenty-two loads of loam.....	33.00
B. F. Greer, labor and expense.....	600.80
James Shirley, labor in Shirley Hill cemetery	20.65
A. M. Jenks & Son	82.35
Stewart Iron Fence Co.	3,102.00
freight on fence	188.41
for making cemetery deeds	10.50
Cash on hand	289.80
	\$4,787.76

CHARLES F. WHITE,

Treasurer of Cemeteries.

PERPETUAL CARE FUNDS PAID IN 1919.

George H. Porter	\$50.00
Heirs of Gilford Carlton	50.00

OUR purpose formed so many years ago, to give the best sight service obtainable to those people who naturally do business in Manchester, has borne much fruit—both in the patronage we are receiving and the confidence that is the promoting cause of our rapidly expanding practice. ¶ We are very glad for this opportunity to express to you our sincere thanks for all courtesies and favors. ¶ Please remember that our service in the way of advice in the care of your eyes and glasses, is entirely free. ¶ Take the suburban car from our office. It is the best place in town.
